And Ordering Options

GAYNOR MINDEN®

NEW YORK + SINCE 1993

DESIGNED IN NEW YORK

HANDMADE IN EUROPE

Our new European factory blends tradition with innovation. All Gaynor Minden pointe shoes utilize American-made, high-tech internal components — all have our flexible polymer shanks and boxes and our Poron® Performance Cushioning. And all Gaynor Minden pointe shoes are handmade by skilled shoemakers using time honored techniques.

Our new satin is locally sourced in Italy, home to the finest textile mills in the world. It is a paler shade of pink and has a slightly matte finish, which looks beautiful on stage. In studio tests on two continents we found that dancers absolutely love the new look. Plus, it's easier to sew!

GOOD NEWS: Our new production uses less packaging, and it eliminates single use plastic bags and stuffers.

Most dancers won't need a re-fit but we do recommend that all dancers try our new production in person. We can't wait to hear what you think!
